The Cole Camp R-I School's Kindergarten screenings will be held on Friday, March 5th, 2010 from the hours of 8:30 until 12:00. If you intend to send your Kindergartener to the Lutheran School Assoc. for the 2010-11 term your child should attend the screening. Please call the elementary office at 660-668-3011 ext. 302, to set up your appointment. Kindergarten parents, your child must be five years of age by July 31st, 2010 to be eligible to start kindergarten. You will need to bring a copy of your child's birth certificate, health/immunization record, and social security number at the time of screening. If you do not have these documents, please make arrangements to obtain them as they are mandatory to start school.

Don't Miss This Opportunity

The public is invited to attend a free presentation by Brian Young, a nationally known speaker and author, at Lutheran School Association, Schnell Auditorium, Monday, February 22, 2010 at 7:00 p.m. He will be sharing information on the topics of, "The Godly Family" and "Why Creation Is Important".

Mr. Young is the founder and director of CIA, Creation Instruction Association, a non-profit, organization dedicated to the teaching of Scientific Creationism as opposed to the theory of Evolution. He served as a principal and teacher of Christian schools for ten years before becoming a full time evangelist in the Creation ministry. He speaks and ministers in entertaining ways in prisons, schools, churches and universities around the country on the important issue of creation verses evolution.

The Godly Family- Having problems with your children or grandchildren? This is one of most requested presentations. See what the Bible says about the discipline and education of your children. This presentation will reveal what God sees as priority for your children and give Biblical steps in raising a Godly family. You will never view this awesome responsibility the same again.

Why Creation Is Important- Evolution is a clear answer to why the moral fabric of our society is unraveling. See how evolution is the main cause of abortion, homosexuality, divorce and compromise among the church. This video will logically expose how evolution strips away the foundation of Christianity by making the death of Christ a meaningless event. Logically, if evolution is true, Christ is not who He says He is. Great to examine issues with teens such as clothing, dating an marriage.

There will be a question answer session after the presentation. Although all ages are welcome the information presented will be most beneficial for ages 10 and up.

Sponsored by The Cole Camp Regional Ministry-Holy Cross, St. John's, Trinity Lutheran Churches.
