

"The Lord My Pasture Shall Prepare"

YEAR BOOK - 1969

LUTHERAN SCHOOL ASSOCIATION

COLE CAMP, MISSOURI

DEDICATED TO
Pastor Walter Moose

The Class of 1969 dedicates this year's book to a person who has spent much time and effort in giving us the pure milk of the Word. It is with great appreciation and respect that we came to this resolve. May you, Pastor Moose, continue as a faithful shepherd until the Chief Shepherd appoints the finale to the time He has given to you in His kingdom on earth.

Karen Miesner - "The Lord My Pasture Shall Prepare" - This is the motto our class has chosen. It is taken from our class hymn. It shows us how the Good Shepherd, our dear Lord, is always watching over us, and how He sees to all of our needs on this earth. He will also prepare a pasture for us in His heavenly kingdom. As we continue our education and training in other schools and throughout life, let us ever remember what the Lord has done for us. May we also continue to look to Him for guidance and protection for the rest of our lives. I would like to take this opportunity to thank our parents, pastors, and teachers for the guidance they have given us, and the patience they have shown us. May the Lord reward all of you richly.

Susan Pritzel - "The Lord My Pasture Shall Prepare" is the hymn our class has chosen. In this hymn we sing of Christ as our shepherd who will guide us through the wilderness of life, and we need not be afraid; nothing can harm us, not even death itself. He is with us always wherever we go or whatever we do; He guides us with His watchful eye. So let us do all things to His glory. We know that amid all of life's temptations He will lead us if we remain faithful to Him. Finally He will lead us to our everlasting home, to our "pasture prepared" that we might be with Him forever. Let us pray that we will never forget this gracious truth. We will now sing this beautiful hymn.

Terry Harms - We have just received our diplomas from our own Lutheran School. We have been looking forward to this evening for a long time. Yet we will miss our schoolmates and teachers. We certainly should be grateful that we have had an opportunity to learn the way of salvation through Jesus, at a Christian Day school. We ought to be especially grateful this evening for the wonderful way that the Holy Spirit has led us to faith. Sunday we will sing special praises for the great day of Pentecost. May the future graduates of our Lutheran School experience the same appreciation for the Christian training they are receiving as we have expressed this evening. - Pastor Nothwehr, on behalf of the class I say "Thank you" for your message.

The Faculty

May the milestone that you have reached this evening be only an approach to the great distance you will still have to travel. We know full well, and you also have been taught that there is no such a thing as a "stand still" in your spiritual life. It is our prayer that you will continue to "grow" unto the stature of the Good Shepherd whom you have learned to follow. May His bountiful blessings be yours now and may you finally be among the flock that gathers at His right side.

You have dedicated this book to Pastor Moose who, no doubt, was pleasantly surprised.

The Way It All Started

In 1961 we started a tour of the ocean depths in our yellow submarine. We started out with a crew of 13 including Dale Denker, Terry Harms, Mike Heimsoth, Kevin Schnell, Victor Monsees, Ronnie Meyer, David Mueller, Joe Luetjen, Randy Borgstadt, Shirley Cordes, Elaine Steffens, Susan Pritzel, and Karen Miesner. With Mrs. Hesse as our captain. As we proceeded with our tour, Randy Borgstadt saw a beautiful mermaid and decided to get off. At this point Mrs. Cecil Harms took over for Mrs. Hesse as captain. While we were viewing the ocean floor we spotted an unusual oyster. We opened it and to our surprise, out jumped Warren Harms. He decided to join us on our voyage. As we continued farther we sighted a wrecked ship and decided to explore it. While looking in the galley we came upon Terry Noel. We had a nice chat and Terry decided to join us also. As we went on we came to a closed combination service station and cafe. Joe Luetjen and David Mueller decided to reopen the station and Shirley Cordes wanted to run the cafe. We then came upon Mr. Fadler who was teaching a school of fish. Mrs. Harms and Mr. Fadler then talked it over and decided to exchange positions. We then proceeded with our journey and as time went on we came to a cave and found Mr. Schnell. He then took over as our captain. In time we finally reached our destination with eleven passengers. After eight years of interesting exploration our voyage came to an end.

The Way It Will Continue

Dale Denker and Ronnie Meyer started a trip to the Moon to explore a new landing site for the United States. As we boarded the ship we discovered that the pilot was our former classmate, Victor Monsees. When we arrived at our destination, we found a guide awaiting us; he was Kevin Schnell, another of our fellow students. On the way to our hotel we stopped at Tullis Hall for some ice cream. It was so good we decided to compliment the manager, and to our extreme surprise, he turned out to be our old friend Mike Heimsoth. We decided to stay at a famous hotel called the Hotel Take Off, which was one of the many hotels owned by Terry Harms, another classmate. After we looked at the landing site we attended a banquet in honor of the new mayor, Terry Noel. The Hostess was Susan Pritzel, both former classmates. We decided to stay over a day to get some original moon clothes designed by Karen Miesner, another good friend. On the way back we were hit by an asteroid. To our great relief, we saw a sign on it. As we came closer we saw that it read "Elaine's Fix It All Shop". When we entered the building, we saw a sign on the counter. It read, "Out to fix it; be back in an hour". So while we were waiting, we looked around. After awhile, we saw a space ship returning so we returned to the shop. We were shocked to see that the fixer was Elaine Steffens. While she fixed our space ship, she explained that she was at Mars fixing a wrecked space ship owned by Warren Harms. After that we returned home without further mishap.

Grade Seven

This is one of our larger
classes in our school. The num-
ber of pupils is seventeen.
This year the boys made some
drawings of unusual cars and
characters. Following the eighth
grade paintings, the seventh also
created several paintings. The
girls experimented with some
weaving with some raffia as did
the eighth grade girls.

Fifth and Sixth Grades

The 5th and 6th grade pupils
built birdhouses this year, and
after all the sore thumbs and
cut fingers, became full-fledg-
ed 5th and 6th grade carpenters.

The 6th grade took care of the
bulletin board, making it appro-
priate for the different seasons
of the year.

Our unit on baseball which is
entitled "The Grand Ol' Game"
will be entered in the Cole Camp
Fair. We wrote a letter to every
Major-League team asking for in-
formation. Most of the teams
have sent us material to use in
our display.

The 5th and 6th grade boys
were undefeated in the basketball
season.

Third and Fourth Grades

Mrs. Heisterbergs pupils be-
came interested in watching the
radishes grow that they had plant-
ed recently. Comparisons will
still have to be made.

Exchange of valentines was
again carried on Valentines Day.
An afternoons Hallowe'en Party
was enjoyed.

A mural was recently completed
for the Cole Camp Fair. A spec-
ial Nativity Scene was construct-
ed for the Christmas Season.

First and Second Grades

The pupils in Mrs. Hesses
room carried on similar projects
to last years.

They had a special Valentine
box which represented a large
mail box.

The pupils also enjoyed an
afternoon Hallowe'en Party.

A mural is also being paint-
ed for the Cole Camp Fair.

Clever clowns faces were made
from Bleach bottles.

Lunch Program

The participation in our lunch program was very good. Mrs. Stelling and Mrs. Harms have served excellent meals.

Health Program

During this year all children for hearing and for vision. Tuberculin tests were given to the pupils of grades one, five and eight.

Shall We Laugh or Cry ?

Mr. Schnell - We are having a half a day of school this morning.

Pupils - Yah! Hoo!

Mr. Schnell - We are having the other half this afternoon.

Robert Miesner - What do you use that long rope for ?

Mr. Fadler - That's for catching cows.

Robert Miesner - That's interesting, what do you use for bait?

Richard Borchers - Please hire me as a farm hand. I can milk the cows and everything else.

Mrs. Heisterberg - Is that so? Won't the chickens and ducks be surprised!

Mrs. Hesse - To what family does the whale belong?

Rickey Balke - I don't know, no family in our neighborhood has one.

Doctor - What seems to be your trouble?

Patient - I think I'm a dog.

Doctor - How long has this been going on?

Patient - Ever since I was a puppy.

Old Chinese saying: "He who laughs last, doesn't catch on so fast."

Picnic

A picnic has been planned for Wednesday, May 21st. The children will bring a sack lunch. A softball game has been planned with the R-1 school for the seventh and eighth grade boys and girls. It will be played at the Lutheran School ball diamond.

At the beginning of the year the enrollment was 106. During the term Jimmy Fidler, Timmy Fidler and Scott Denker were added to the list.

Stamps

This year the total sales of the Government Savings Stamps came to \$629.70. Many bonds were bought this year.

The amount of the Church Extension Savings Stamps totaled about \$400.00. This is not exact since Church Extension Stamps are still being sold.

Our Float

The float entered in the 1968 Cole Camp Fair by the Lutheran School Association won grand prize. The theme of the float was "Jungle Serenity". The float pictured a jungle scene in the evening. Susan Pritzel and Terry Noel portrayed two people enjoying the serenity of the jungle evening by the waterfall. In the background jungle animals can be seen looking through the trees of the jungle. Kevin Schnell was underneath the float and furnished the power for the movement of the lion. Russell Case substituted one evening.

Jefferson City

On Tuesday, May 13, 1969 the seventh and eighth grades made their biennial trip to our capitol city, Jefferson City. First we toured the museum section of the capitol. Then we took a guided tour of the rest of the capitol, seeing the House of Representatives and Senate in action. We were introduced in the Senate, but the long-debated Jackson County bill in the House did not allow time for introduction. We saw Senator Noland and Representative Sally. All enjoyed lunch downtown. After dinner, the group was lectured to by the Assistant Attorney General in the State Supreme Court building. All enjoyed the stop at the Dairy Queen in Eldon on the way home.

March of Dimes

The National Foundation of March of Dimes placed coin containers in our school again this year. We contributed \$36.00.

Science Books

New science books were introduced into our school this year. These new books run through grades 1 to 6. Grade 8 is using a very recent set purchased from another Lutheran School. Grade 7 is using the old text which was perhaps the best book in the old series.

Hallowe'en Party

Grades seven and eight enjoyed an evenings Hallowe'en Party. The costumes were weird and very deceptive. Grades five and six enjoyed an afternoons party.

Heartiest congratulations to the eighth grade graduates from the other ninety-eight pupils of our school. May the Lord's richest blessings be yours now and forever.

Annual Gift

The Lutheran Brotherhood, represented by Erwin Eckhoff, again made a contribution to our school. This year the amount was \$54.00. We appreciate this gift. It has not been specifically been determined how to use it.
