## CLASS REPRESENTATIVES

We have chosen as our Motto, "God is our rainbow in the storms of life." We know that no matter how bad times get, God is always with us. We will always remember that in the storms of life God will be our rainbow. That means God will always be our hope in times of trouble. We can be sure of that because He has promised to be with us always. Let us always trust in him to lead us through all the troubles we have in this life. We pray that the Holy Spirit will strengthen our faith so we will remain strong in the Word of God.

Laurie Kaiser

Our class song that we are about to sing is entitled, "How Great Thou Art." We chose this song so that we might remember it throughout our lives. When we think of all the things God has made and all He's done for us, we should rejoice. We don't need to worry because we know that He will take care of us.

As we go through life, this song will have great meaning for us. It will serve as a reminder of God and His love for us. Because of this we know that God is with us in good times and even in bad times. So whenever we think of these things during our life it will give us hope.

Tammy Stoermer

We, the Graduating Class of 1983, would first of all like to thank the pastors and teachers for instructing us in God's Word and showing us how to live a Christian, God-pleasing life.

Thanks to all the parents who have driven us to school and have given support for school and other activities.

We also would like to thank the coaches: Pete Stelling, Cathy Viets, and Kenny Weymuth, for all the time and effort they have spent with us, teaching us how to be good sportsmen and women.

Last of all we would like to thank Pastor Rick Wagner for his wonderful words of inspiration. May they be our guide through all our lives.

Pam Tagtmeyer

Dear Graduates:

The rainbow has long been a symbol of God's promises to His people. You will want to remember these promises, reflect upon them, and above all trust in them. When the storms, or troubles, of life come your way, remember God's promise that He will always be with, His promise to hear and answer your prayer, His promise to make "all things work together" for your good. If you will believe and trust in those promises, you will find a peace and contentment in your life no matter what "storms" may come. God never goes back on His promises. Hold firm and true to them by studying His Word and using the sacraments. Make that a top priority in your life.

## CLASS HISTORY

In the year 1975, we, Cristin Fox, Laurie Kaiser, Tamala Oelrichs, Lara Peck, Kristie Rose, Bradley Schnackenberg, Shawn Stansill, Kelli Stansill, Tammy Stoermer and Pam Tagtmeyer took off on our tour of the Sahara Desert.

As we were getting on our camels we heard that our guide was Mrs. Hesse. We'd been riding for quite a while and were really thirsty and discouraged. All the water we'd seen had been mirages. At the first water hole we found, everyone got off the camels and got a drink. Mrs. Hesse was so overjoyed that she decided to stay. Shawn and Kelli fell in the water; they stayed for a while with the promise of coming back later.

While looking for a new guide, we found Mrs. Viets' ostrich trainer, Judith Bauer, with her. After a while Mrs. Viets took up ostrich racing again, but she left Judith with us.

We were watching Mrs. Viets race when we found our new guide, Mr. Knoernschild. Along with him were Shawn and Kelli. Mr. Knoernschild was the former president of the company that sold Cacti Suntan Lotion. The company had gone bankrupt so he agreed to be our guide. It was really hot and Mr. Knoernschild got a bad sunburn. A group of nomads came along, and he asked if he could join them. They agreed and he was quite happy. Kristie was very sore because she'd fallen off her camel. They agreed to take her along, too. The nomads stole our camels during the night. They kidnapped Shawn and Kelli, too. We never heard from them again. The nomads took our camels and all our supplies. We were left with nothing.

After a few hours Mr. Bauer, the captain of the desert army, came along. With him was his favorite private, Scott Roark. Mr. Bauer agreed to guide us through the rest of the desert, but he felt that he needed Scott with him. After a long discussion we finally agreed to take Scott, too.

Finally, after eight long years traveling in the desert, we reached our destination with nine travelers and one guide, also with bad sunburns, scrapes and bruises. But all in all it was a pretty good eight years.

## CLASS PROPHECY

In the year 2083, we, Laurie Kaiser, Tamala Oelrichs, and Lara Peck set out on our three seated flying bike (LTL) to explore the world.

As we were going we came upon Bradley Schnackenberg, the hottest punk rocker in Poland. We bet you can't guess who his back up singers were -- no one but Pam Tagmeyer and Judith Bauer going under the name of 'Chemical Wastes and the Poisons'.

After touring Poland we decided to go to Australia where we found Cristin Fox riding wild kangaroos. We stuck around to see the Australian National Finals Kangaroo Championship which Cristin would be competing in. Sorry to say he got last place (oh well, better luck next time).

Next we flew to the North Pole and there we ran into Tammy Stoermer trying to thaw it out with a flash light. After our very different chat with Tammy, we flew (LTL of course) on to New York where we met- of all people - Scott Roark of Wall Street, N.Y., the richest stock broker in the world.

And with that my dear friends, we ended our tour of the world, never to forget the people we met and the things we saw.

# JOKES

Mr. Bauer: Hey! You can't sleep in my class.

Cristin: I could if you didn't talk so loud.

Mrs. Hesse: When does ten plus ten equal ten?

Ryan Oelrichs: When you add it wrong!

Mark Pitts: Did you hear about the cross-eyed teacher?

Duane Karman: Yes, he had trouble with his pupils.

Tina Hesse: How do you stop a 10 pound parrot from talking too much?

Thaney Fox: Buy a 20 pound pussycat!

As we were walking along, we found a very dirty crystal ball. As we wiped the grime and dirt away, this is what we saw.....

## YEAR IN REVIEW

The Partners in Education entered a float in the 1982 Cole Camp Fair parade. They got a blue ribbon on the float. The theme of the float was "Gifts to be Treasured".

The 8th grade traveled to Concordia on April 18th escorted by Pastor Wollenburg and Pastor Sveom. We toured St. Paul's College and High School.

Grades 1 through 6 held their Halloween party on October 29. Refreshments were served in the afternoon. Grades 7 & 8 held their party on October 28 in the evening. Refreshments and games were enjoyed also.

Grades 1 through 8 had their annual picnic day on May 5th. The 7th and 8th grade boys and girls had their annual softball games in the afternoon, and as usual both the boys and girls team from our school won. The girls won by a score of 26-2. The boys won by a score of 16-7. The boys have won 12 years straight.

The Christmas Party was held on December 23. Gifts were exchanged and refreshments were served.

Valentine parties in grades 1 through 6 were held on February 14. The children exchanged valentines and refreshments were served.

The 7th and 8th grades went to the State Capitol Building in Jefferson City this year. On the morning of April 13, after a brief prayer we started on our way. First of all we stopped at the Highway Patrol Headquarters. We saw some interesting things such as old police cars, guns and ammo confiscated from criminals. Then we proceeded to the Capitol where we sat in on the House of Representatives and Senate while they were in session. Then we ate lunch at McDonalds. After lunch we went on a guided tour of the Capitol.
